Shantis related to Pregnancy and Childbirth

Naturally, as we grow, we turn to astrologers during difficult times. But many defects can be corrected early in childhood. Delaying only strengthens these doshas instead of reducing them. Dharmashastra prescribes several childbirth-related Shantis, detailed in texts like Shanti Ratnakaram and Shanti Kamalakaram.

- Gomukha Prasava Shanti**: Should be done when born under Revati, Ashwini, Pushyami, Ashlesha, Magha, Chitra, Jyeshta, Moola stars
- Prasava Vaikrata Janana Shanti**: It should be performed in cases of abnormal delivery (cesarean section), premature delivery (premature or late birth), and birth with inferior or superior limbs.
- Nalavesta Janana Shanti**: To do if you are born with your intestines stuck in your neck
- Yamala Janana Shanti**: To do when twins are born
- Krishna Chaturdashi Janana Shanti**: To do when born on multiple Chaturdashi dates
- Sineevalee Janana Shanti**: To do if you are born on a new moon day with a crescent moon
- Kuhu/darsha Janana Shanti**: To do if you are born on a new moon day without a lunar phase
- Tithi Lagna Gandanta Janana Shanti**: Just as there are inauspicious times for certain stars, there are also inauspicious times for certain Tithis and Lagnas.
- Dinakshayadi Sarva Gandanta Janana Shanti**: This Shanti should be performed when the person is born on that date or during the Lagna Ganda period.
- On the day of the waning of the moon-day-star or, on the day of the waning of the moon-star, the ascendant of the moon-day-star. What to do if you are born in Sandhu
- What to do if you are born during auspicious times/abstinence
- Visha Ghatika Janana Shanti**: To do if you are born during inauspicious times/abstinence
- Moola Nakshatra Janana Shanti**: To do if you are born in the Moolanakshatra
- Ashlesha Nakshatra Janana Shanti**: To do if you are born in Ashlesha Nakshatra
- Jyesta Nakshatra Janana Shanti**: To do if you are born in the Jyesta star
- Pushyami-Purvashadha Janana Shanti**: To do if you are born in Pushyami- Poorvashada Nakshatra
- Chitta Nakshatra Janana Shanti**: To do if you are born in Chitta Nakshatra
- Rohini Nakshatra Janana Shanti**: To do if you are born under Rohini Nakshatra
- Eka Nakshatra Janana Shanti**: To do if your parents and siblings are born in the same star
- Nakshatra Gandanta Janana Shanti**: To do if you are born during the Gandasamaya of Ashwini, Makha, Mula, Ashlesha, Jyeshta, and Revati stars
- Vaidhriti Vyatipata Sankranti Janana Shanti**: To do if you are born on Vydruti-Vyatipata Yogas, Ravi-Chandra Krantisamyam, Ravi Sankranti
- Grahana Janana Shanti**: To do if you are born during a solar/lunar eclipse
- Danta Janana Shanti**: To do if you are born with teeth, or if your upper teeth come in first.
- Panchamarishta Janana Shanti**: This peace should be achieved even if there is anger in the 5th house of the birth chart.
- Trika Prasava Santi (Tritara Shanti)**: The ritual/Shanti to be performed when a boy is born after three girls, or when a girl is born after three boys.
- Balarakshavidhi**: A hymn to be recited for the protection of children (found in Shanthiratnakara)
- Bhuvaneswari Shanti**: Menstruation is a very important part of life for women. Therefore, if it occurs during inauspicious times, Bhuvaneswari Shanti should be performed to remove that dosha.
- Simhadow Gavadi Prasava Shanti**: To do when any pet in the house gives birth.
